

Amit Kogman

Highly motivated and detailed-oriented candidate, highly interested in using data to improve business performance and customer experience. Skilled at leveraging data to develop actionable solutions to business challenges and utilizing data mining and data visualization to create meaningful insights. Excellent technical aptitude and knowledge of programming languages, data analytics and data visualization.

Furthermore, I'm passionate to learn and improve at the field of development. Self-motivated, team player with strong organizational and interpersonal skills. Confident public speaker with experience of giving presentations and training sessions. Experienced in training and mentoring new members of staff. Always looking to learn new skills, take on extra responsibilities, and grow professionally.
